Dear Mr. Curby:

Re: Transfer of Leamington Quarry, M/023/004, Navajo Sandstone, M/023/010, and Neilson Quarry, M/023/012 from Southwestern Portland Cement to Ashgrove Cement.

I have enclosed transfer forms and Reclamation Contracts for the three sites listed above. If these sites are now under the control of Ashgrove Cement, we will need these forms filled out for each site.

Presently, Southwestern Portland Cement Company carries an approved permit and reclamation surety bond on each of these sites. The Division will hold Southwestern Portland Cement Company responsible for any reclamation or operation obligations until the transfers have been approved and new bonds in place.

Thank you for your call and help in initiating this tedious but necessary task.

Sincerely,

Holland Shepherd
Reclamation Specialist
